

A Closer Look at Recruiter Efficiency

Recruiters are tasked with bringing in quality hires and getting them to their first day of work fast. But **your hard-working recruitment team is burning out due to slow, inefficient hiring processes**. Here's a snapshot of where recruiters are struggling and **how you can help them meet their (and your organization's) hiring goals faster and with greater ease**.

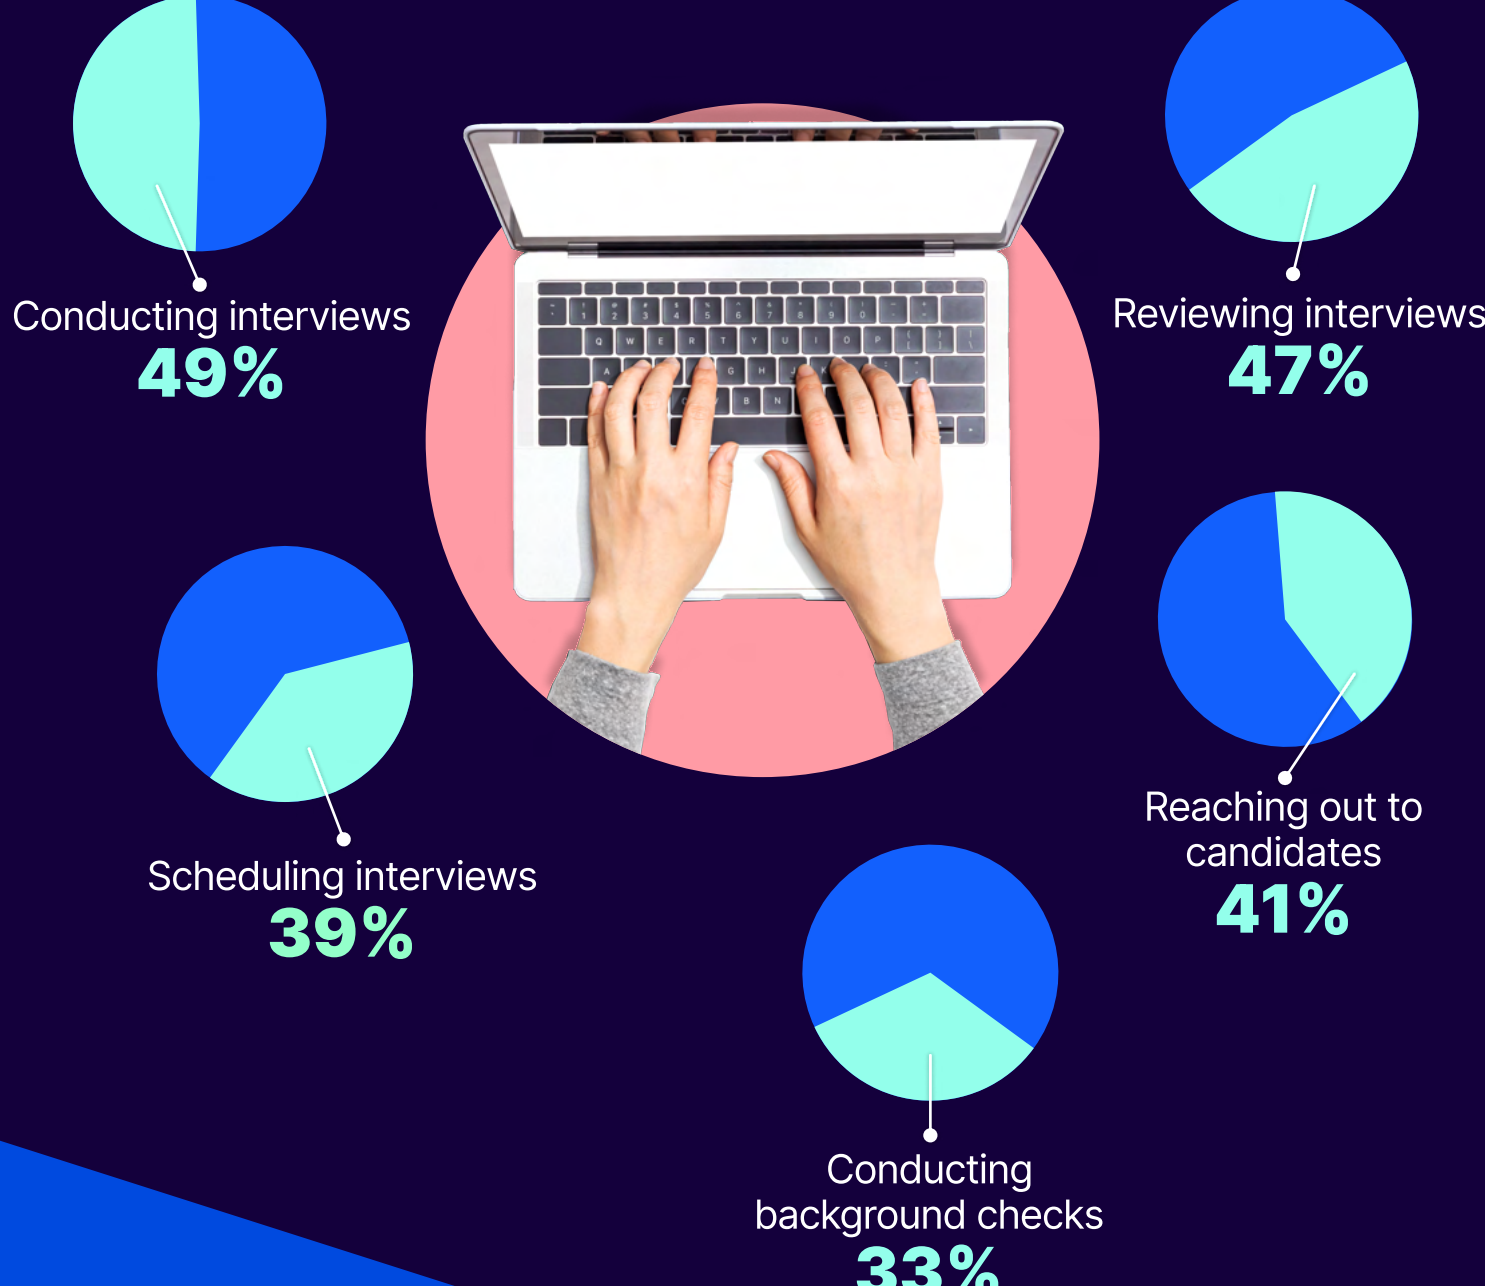

Only **1/3** of HR professionals are “**very satisfied**” with their hourly hiring process

Top Concerns

How Recruiters Spend Nearly All or Most of Their Time

When It's Time for Candidates to Show Up:

More than **54%** of scheduled interviews result in no-shows, resulting in time wasted for recruiters

1

2

More than half of recruiters report a less than **80%** first-day attendance rate among new hires
